Coach Hire

OUR FLEET

Our customers' contentment and convenience are important to us. Therefore we only use coaches conforming to the highest standards of safety and comfort. Our fleet features late model Mercedes, Setra and MAN with capacities between 12 and 48 seats. It also includes club coaches with even more space for each individual passenger and a comfortable seating area with tables in the rear.

SECURITY

Coach hiring is a matter of confidence. With Touring Tours & Travel you hire modern coaches, which are under regular technical supervision. Our coach drivers have several years of experience on Europe's roads and security training maintains their quality of driving. In Germany there are strict regulations regarding driving and resting hours for coach drivers. Of course, we take these into account already when planning your tours.

OUR COACH STANDARDS

Comfortable seating

All our coaches have adjustable reclining seats for your comfort and convenience. The aisle seats can be moved towards the centre of the bus in order to enlarge the space and increase the comfort of each passenger.

Panoramic Windows

Large panoramic windows offer a great view to all sides of the road. Double glass avoids the steaming up of the windows and allows a clear view for photographers throughout the whole tour.

Air Conditioning

Above each seat there is a ventilation system which can be adjusted by each passenger individually according to his personal needs.

Baggage Space

The baggage space in our coaches is completely separated from the passengers' area. The size is always designed to offer ample of space for the luggage of all passengers on board. Hand baggage can be stored above the seats. Furthermore we offer trailers for extra baggage and bicycles on request.

Entertainment on Board

For the entertainment of our passenger all our coaches are equipped with a stereo system.

Passengers' tapes are welcome. Furthermore a large number of coaches has a VHS video system for the special distraction of the group.

Means of Communication

All our coaches are equipped with telephones in order to ensure that our headquarters i.e. the depots and the coach driver as well as several coaches in action for the same event can be constantly in touch. Furthermore a board microphone is a standard item on all our coaches - it is at disposal for the information of the passengers.

Further Facilities

All our Touring-coaches have a wash-room on board (except 12 and 16 -seater mini-bus). Moreover most of the coaches contain a refrigerator and a coffee maker to offer refreshments during the course of the tour.

The Brandenburg state capital Potsdam, situated on the River Havel on the southwestern outskirts of Berlin, has always attracted all visitors under its spell because of many marvelous palaces of the Prussian rulers and other numerous architectural treasures in the old town. But visitors primarily come to Potsdam because of the legendary Sanssouci Palace of Frederick II.
